Subject: FW: Request Update: RFI# 4165 - Capacity Information for Water and Wastewater Treatment Facilities

Kevin,

These are the facilities of interest for this RFI. I understand the regional water desk is very busy and not able to attend to this right now. Is there anyone else who can assist with this information request? I am now getting visits to inquire on our progress.

Thanks,
Jen

Subject: RFI# 2410 - Capacity Information for Water and Wastewater Treatment Facilities

Steve,

Below is an RFI for Water and Wastewater Systems.

Please forward to ESF-3, and give us the FEMA RFI number once created

Give me a call if you have any questions

Thanks,...

Bob Verbeck

All,

The CI CAT respectfully requests your assistance with answering the below request for information. If you have any questions, please contact the CI CAT at IP.CI.CAT@HQ.DHS.GOV or 202-447-3002 and refer to RFI2410. Immediately upon receipt of this email, the CI CAT requests all Lead and Supporting Organizations to please respond to this email with one of the following:

- a. RFI received and what initial actions you are taking in response
- b. RFI received, no action anticipated

1. RFI #: 2410 - Capacity Information for Water and Wastewater Treatment Facilities

2. Lead Organization(s): ESF-3

3. Supporting Organization(s):

4. Request for:

Seeking capacity information for the facilities identified in the attached spreadsheet, which are expected to experience at least 4 feet of flooding over the next few days. We want to understand which of these facilities is most consequential to the population

5. Requested by:

6. Format desired:

7. Purpose for product/request:

8. Response Due: 08/30/2017 10:00:00

9. Information already obtained:

Respectfully,

Bob Verbeck
